Summer Intensive Faculty Hiring Announcement

DELL'  
ARTE  
INTERNATIONAL

SCHOOL OF  
PHYSICAL THEATRE

Dell'Arte International School of Physical Theatre is pleased to announce that it is now accepting applications for faculty and instructors for its 3-week Summer Intensive in Physical & Ensemble based Theatre to be held in Blue Lake on July 18th - August 5th! Along with a cover letter and CV/Resume, applicants are encouraged to submit proposals for a three week physical and ensemble devised curriculum or offer instruction in specialized areas related to physical theatre. Techniques related to mask performance and creation, puppetry or object animation, physical acting, clown, non-western movement forms, or movement-based approaches to theatre and story development are of particular interest.

Dell'Arte International seeks to establish an anti-racist, liberated, and embodied educational experience that supports students in their capacity as artists and as agents of societal and cultural change. By preparing students through an immersive and experiential curriculum that takes place in and is inspired by the natural setting of the Northern California Redwood coast, they will have the opportunity to explore and develop the artistic values they align with and become connected to DAI's regional and global community partners and networks. *We welcome experienced teachers and instructors who will provide a grounding in both the core aspects of physical theatre practice, and other embodied practices that will help students develop essential professional and cultural competencies while gaining exposure to career opportunities and life skills that transcend the studio. Artists of the Global Majority and those with strong Diversity, Equity and Inclusion practices are encouraged to apply.*

Dell'Arte will also be scouting and recruiting candidates through alumni and peer networks. Please feel free to spread the word or connect us directly with artists and movement educators who you believe will be a great fit for this opportunity. The Summer Intensive attracts between 35-40 participants from across the world and locally to expand, enhance, and learn to take creative risks and experiment in the field of ensemble devised physical theatre. The Annual Baduwa't Festival also runs concurrently for two weeks with the Intensive and offers a chance for participants to experience the Theatre of Place devised work on its stage along with other performers and guests.

**Submit a completed application packet ([Employment Application](#), Cover Letter, Resume, and additional information) to [Alyssa@dellarte.com](mailto:Alyssa@dellarte.com) with the subject line: *Summer Intensive Faculty OR***
